Section 14. This Act shall take effect on the first Monday after the second Tuesday in January, 1929, but it shall become effective so as to preclude and prevent the nomination or election of a judge, clerk, solicitor, or other officer, of the Bessemer Division of the Circuit Court of Jefferson County in 1928, and in lieu thereof authorizes the nomination and election within and for said Twenty-Second Judicial Circuit the judges and clerk of said Twenty-Second Judicial Circuit in 1928.

Section 15. Nothing herein contained shall be construed to affect or in any manner interfere with the branch offices of the County officers now established and maintained at Bessemer, but such branch offices shall continue in all respects as now maintained and established by law.

Section 16. That all laws, local, general or special, now applicable to the Bessemer Division of the Circuit Court of Jefferson County, which are not in conflict herewith are hereby continued and made applicable to the Circuit Court of the Twenty-Second Judicial Circuit in all respects as they now apply to said Bessemer Division of the Circuit Court of Jefferson County.

ment or otherwise, any defendant failing within the time provided herein to appear and demur or plead shall be held in default, and at any time thereafter judgment by default on motion of plaintiff may be rendered against him provided, however, that the court may for good cause shown, allow such judgment so obtained by default to be set aside and demurrer or plea to be filed on such terms as the court may think just, provided said motion is filed within the time provided for such motion, or continued while the same is within the breast of the court as required by law.

(b) The provision of this rule shall not apply to defendants' estates, except when the affidavit filed with the complaint sets forth the contract sued on was directly with such representatives or that a promise to pay was made by him.

(c) When the defendant is a corporation the affidavit of defense may be made by an officer, agent or attorney of such corporation.

(d) When the affidavit required to be filed hereinabove does not comply with said provisions, such affidavit may be stricken out and judgment entered on motion.

Section 23. The plaintiff electing to bring suit in this court shall endorse upon his complaint that he waives a trial by jury, and his election to file his suit in this court shall be deemed as a matter of law as his waiver of his right to have such cause tried by jury.

Section 24. In all cases filed in this court the issues and questions of fact shall be tried by the court without the intervention of a jury, unless a jury be demanded by the defendant within seven days after the summons and complaint is served on him, or by any other person interested in such issue or question, at the time he appears; such demand must be made by such person that intervenes upon the pleading or paper filed by him for the purpose of presenting such issue or question of fact or by the defendant or other party occupying the position of the defendant, including the garnishee, by making a formal written demand upon the demurrer, plea, other pleading, or separate paper filed by him, that he demands a trial by jury; such demands must be in writing, signed by the party or his attorney and filed with the clerk of the court, and must be filed by the defendant within seven days after the summons and complaint is served on him.

Section 25. on the pleadings, to the Circuit Court of Jefferson County. Said cause shall be by the clerk of the Circuit Court, of Jefferson County, docketed, and shall then proceed as if said cause were in said Circuit Court on appeal from a Justice Court whereby the appellant had demanded a trial by jury for such trial in the Circuit Court.

Section 26. Whenever a jury is required to try any issue in this court, the judge of this court shall procure the jury box of Jefferson County and the key thereto and shall draw from the jury box as many names as he may think necessary, in no case less than sixteen and must immediately return the key and box to the proper custodians thereof, respectively and after each name is drawn it shall not be returned to the jury box except as herein otherwise provided, and there shall be no selection of names except as hereinafter provided, and shall make and file a record of the drawing and issue an order to the sheriff requiring him to summon the jurors, and the judge must draw the jurors in the manner provided by Chapter 311 of the Code, except where otherwise in this Act provided; provided, however, that the judge may discard and return to the jury box any name after the same has been drawn from the jury box, where the name so drawn is of a person who does not reside within the jurisdiction of this court.

Section 27. Whenever there are not enough qualified jurors in attendance upon the court to permit the juries required, the judge of the court shall draw from the jury box names of as many jurors as he may deem necessary who are then within or reside within the City of Birmingham. The sheriff shall forthwith summon all jurors thus drawn to attend court when required and he may summon them by personal service or by telephone or by telegraph or may in like manner order a deputy or special deputy to summon them or may by telephone or telegraph direct a deputy to summon such a juror. Section 32. That the term of this court shall commence on the first day of January of each year, and end on the 31st day of December of each year. The final judgments rendered by said court shall after the expiration of ten days from their rendition, be taken and deemed as completely beyond the control of the court, as if the term of said court at which said judgment is rendered had ended at the end of said ten days, provided, however, that nothing herein contained shall prevent the parties from applying for new trials or rehearings within said ten days, or prevent the court within the said ten days from continuing said motion for a rehearing, to some other time.

Section 33. Unless otherwise ordered by the Court, all garnishments issued by said court shall require an answer thereto within seven days after the service thereof; and upon the failure of any garnishee to make answer within such seven days, he shall be deemed in default and a judgment nisi may be rendered against him on motion of the plaintiff, if the plaintiff is otherwise entitled to such judgment nisi; unless otherwise or-

dered by the court, all citations, rules, scire facias, and notices issued by this court shall require the party against whom they are issued to appear and plead within seven days after service thereof, or if the citations or notices are to be given by publication, within seven days after the perfection of such publication.

Section 34. Any party may appeal from any judgment rendered against him by this court, to the Circuit Court or court of like jurisdiction, within ten days after the rendition thereof.

Section 37. When appeal is taken, the clerk must return promptly all the original papers of the cause, together with a statement signed by him of the case, and the judgment rendered by the court, to the clerk of the court to which the appeal was taken.

Section 38. The clerk must also issue a notice to the appellee that such appeal has been taken, which must be executed by personal service on him, his agent or attorney, five days before the return term of the appeal, and must be returned promptly by the constable, or other officer, to the clerk of the court to which the appeal was taken; but in lieu of notice by personal service to the appellee, or his agent or attorney, the clerk may send said notice by registered mail addressed to the appellee, his agent or attorney, with demand for a return receipt, and such return receipt, signed by the appellee, his agent or attorney, shall be proof of said notice.

Section 39. Section 42. The judgments of this court may be recorded as provided by Sections 4156, 4157, 4158 and 4159 of the Code of Alabama, and said

Section 9. The expenses incurred under the provisions of this Act, when certified by the Commission or its president and approved by the Governor, shall be paid on warrants drawn by the proper officer in pursuance hereof out of monies heretofore appropriated for the expenses of the Commission and provided for in section 9619 of the Code of Alabama.

House 7-29-27. Adopted Y. 61, N. 1. J. H. Stewart, Clerk."

"Amend section 7 of Senate Bill 54 by striking the last sentence thereof and inserting in lieu thereof the following:

"All amounts collected hereunder shall be paid by the Commission into the State Treasury within thirty days after their receipt and shall be placed to the credit of the State Highway Department.'"

We further recommend that the Senate accede to and concur in the following House Amendments:

A certificate may be granted when it appears to the satisfaction of the Commission that such person was actually operating on January 1, 1927, over the route for which such certificate is sought, in good faith and in a manner deemed by the Commission beneficial to the public and adequate as to service, rates and the protection of the public; provided the applicant must comply with the provisions of this Act. Any such rights or certificate held, owned or obtained by a motor carrier may be sold, assigned, leased, transferred or inherited as other property, and the privileges thereunder exercised, only upon authorization by the Commission.

The Commission shall have power, after hearing, to issue said certificate as prayed for; or for good cause shown, to refuse to issue same, or to issue it for the partial exercise only of said privilege sought.

Motor carriers must operate and furnish service in conformity with the current existing terms and provisions of their respective certificate of convenience and necessity. Such certificate shall be void unless the applicant to whom it is granted begins operations thereunder within three months from the date the

certificate is issued. The Commission may adopt rules prescribing the manner and form in which motor carriers shall apply for such certificates of convenience and necessity. In addition to such other rules as may be adopted by the Commission, said application must be in writing and sworn to, and must show the following:

(a) The name and address of the applicant and full information concerning the financial condition and property of the applicant.

(b) The entire route over which the applicant desires to operate and the kind of transportation, whether passenger or freight, or both, in which the applicant proposes to engage, together with a brief description of each vehicle which the applicant intends to use, including the seating capacity, if for passenger traffic, or the tonnage capacity, if for freight traffic.

(c) Proposed time schedule.

(d) A statement showing the passenger fares or freight rates to be charged between the several points or localities to be served."

"To amend S. B. 54, section 5, by striking from the section the following words: "begins operations under" just after the words "Motor Carrier" and just before the words "such certificate" and insert in lieu thereof the following words: "shall obtain."

"To amend S. B. 54, section 7, by striking therefrom the last eight words of this section, "Except as may otherwise be provided by law."

"To amend S. B. 54, section 8, by adding just after the words, "of their duties hereunder," the following "with and by the approval of the Governor. All money paid out under the provisions of this section shall be paid out of the Motor Carrier Fund on warrants drawn by the state auditor on the state treasurer and approved by the Governor. Provided that the Alabama Public Service Commission shall have no authority or power to expend any amount exceeding seven thousand five hundred (\$7,500.00) dollars per annum, in the operation of the provisions of this Act, which amount shall include all salaries and all expense of whatever nature as applied thereto. Whenever the amount accruing to the Motor Carrier Fund, as provided by section 7 of this Act or by any other fee provided by law, shall equal seven thousand five hundred (\$7,500.00) dollars per annum, the credits to the Motor Carrier Fund shall cease, and all amounts received as provided in section 7 of this Act, and any and all other amounts as may have been otherwise provided by law, shall then and thereafter during said year be credited to the maintenance fund of the State Highway Department, anything to the contrary, notwithstanding."

"To amend S. B. 54, section 9, by adding the following words to this section: "provided that said expenditures shall not exceed seven thousand, five hundred (\$7,500.00) dollars per annum."

"To amend S. B. 54, section 10, subsection (b) by adding the following words: "when not subject to section 13 of this Act."

"To amend S. B. 54, section 10, subsection (d) by adding the following words thereto: "except nothing in sub-division (c) and (d) shall be construed to prevent a return load of farm supplies to be hauled, provided no charge is made therefor."

"To amend S. B. 54, section 11, by striking therefrom the entire section 11, and substitute therefor the following:

"If any motor vehicle shall be operated over any public highway of this state in such manner as to come into competition with any motor carrier operating under a certificate issued by the commission, if such motor vehicle is operated between fixed termini or over a regular route, even though there may be periodic or irregular departure from such termini or route, the commission may investigate the operation of such motor vehicle and if, upon notice, hearing and investigation, the commission finds that such motor vehicle is being operated in competition with any such motor carrier, the commission may order the operator of any such motor vehicle to cease and desist from such operation, or the commission may require the operator of such motor vehicle to apply for and obtain a certificate of convenience and necessity hereunder before such motor vehicle shall be allowed to continue such operation. Any certificate of convenience and necessity issued to the operator of such motor vehicle shall be subject to all the terms and provisions of this Act and the operator thereof shall thereafter be deemed a motor carrier and subject to the provisions of this Act."

"To amend S. 54, section 33, by striking therefrom beginning after the word "State" the following words: "in the same manner as other expenses of the commission are audited and paid", and insert in lieu thereof the following: "out of the Motor Carrier Fund and subject to the provision of section 7 of this Act."

"To amend S. B. 54, section 35, subdivision (a), by adding the words thereto: "except as otherwise provided by law."

"Amend Senate Bill No. 54, as follows:

Appeal may be taken as provided in Section 14; authorizing the commissioners, not oftener than once a year, to reassess, which shall be advertised, revised and confirmed, as in the case of original assessment, and with a like effect, but if the district has issued interest bearing evidence of the debt, the total amount of the assessed benefits shall not be diminished; that the Commissioners Court at the time the assessment of benefits is filed with it, by the Commissioners of the district, enter upon its record and order, which shall have all of the force and effect of a judgment, providing that there shall be collected from the land in the district, such portion of the assessment as shall be sufficient to pay the estimated cost of the improvement with ten percent added for unforeseen contingencies, which assessment is to be paid by the land of the district in proportion to the amount of the assessment of benefits thereon in annual installments. Any owner of real property, or the Board of Commissioners may appeal from the orders and judgments of the court, within ten days after same are entered, by filing an affidavit for appeal in the Circuit Court, and stating therein the special grounds on which said appeal is taken, and unless this is done, such orders, etc., shall be final and binding, and should the court refuse to make any necessary orders or

judgments, when called upon by the Board of Commissioners, or any officer of the district, it may be required to do so by mandamus in the Circuit Court, which has authority to determine same, or other legal proceedings in vacation and any land owner or the Board of Commissioners may appeal from the ruling of the Circuit Court to the Supreme Court, upon the terms and conditions prescribed by law; that no injunction, or process shall issue to stay the work on the road, or the collection of any assessment hereunder for the paying out of any funds for the debts of the district, unless the party applying therefor shall first enter into bond with good and sufficient security, to be approved by the court, or judge granting same, payable to the Board of Commissioners for the benefit of said district in double the amount already expended on the establishment of the district and outstanding contracts, said bond to be conditioned for the payment of such amount, if such injunction is wrongfully granted; ten days written notice of the application shall be given to the president of the Board of Commissioners, stating the time and place of the intended place for said injunction. Any injunction otherwise issued shall be void; that the word Court as herein used unless otherwise specified in that connection, shall be taken to mean the Court of County Commissioners or Board of Revenue and Road Commissioners, or such body by whatever name called supplying the place of the court of county commissioner. The word commissioners refers to district commissioners, unless otherwise indicated; that bonds and coupons issued under and by authority of this Act shall be exempt from all State, county, or municipal taxation, or assessment, direct, or indirect, general or special, whether imposed for purposes of general revenue or otherwise, and the interest thereon shall not be subject to taxation as for income, nor shall said bonds and coupons be subject to taxation when constituting a part of the surplus of any bond, trust company, or other corporation, but when constituting a part of such surplus, shall be deducted from the total assets in order to ascertain the taxable value of such shares. H. 1122. To adopt the code of laws relating to education, prepared in accordance with the provisions of the Act approved August 11, 1927, entitled "An Act to provide for the revision, codification, digesting and promulgation of the public statutes of Alabama relating to education."

Was taken up.

Mr. Baldwin offered the following amendment.

AMENDMENT TO HOUSE BILL 1122

By Baldwin:

Amend House Bill No. 1122 providing for the adoption of the School Code so that Section 131 of said Code shall read as follows:

Section 131. Any political party may, in a county where the county superintendent is elected by a direct vote of the qualified electors, either nominate a candidate for such office or may certify to the probate judge that said political party desires to leave the election of a county superintendent of education to the county board of education. Whenever any political party certifies that such political party desires to leave the selection of such officer to the county board of education the probate judge shall cause to be entered on the ballot where the names of such candidates (if nominated) would appear, the following, to-wit: "For selection by the county board of education". Such proposition shall appear on the ballot before the names of the candidates and be arranged so that the elector may express his choice for such proposition in the same manner as he expresses his choice for a candidate. Every qualified elector may vote for such selection by the county board of education or any candidate for such office. In the event more votes are cast for selection by the county board of education than for any candidate, then the county board shall select such officer for the ensuing term. No elector shall be disqualified from participating in any party caucus, convention or election because he voted for the proposition of selection by the county board of education even though his political party nominated a candidate for such position. And in any county where the county superintendent of education is not elected by a direct vote of the qualified electors of such county, upon petition signed by 10% of the qualified electors of such county, presented to the probate judge thereof thirty days before any general, special or primary election requesting the submission of the proposition of the election of the county superintendent of education to the qualified electors of said county, the probate judge shall cause to be entered on the ballot to be used at said general, special or

primary election the following words, to-wit: "For the election of a county superintendent of education by direct vote of the qualified electors", and "Against the election of a county superintendent of education by direct vote of the qualified electors". The voter, at such general, special or primary election, shall make a (X) cross mark before the proposition which expresses his choice. In the event a majority of the votes cast, at such general, special or primary election, is in favor of electing a county superintendent of education by the qualified electors of said county, then there shall be elected at the next general election a county superintendent of education who shall hold office for a term of five years from the second Tuesday in January after such election and until his successor is elected and qualified and the salary of such county superintendent of education shall be fixed and paid as now provided by law. If the term of office of the county superintendent of education of such county shall expire before the general election next after the general, special or primary election at which said proposition was so voted upon, then the county board of education of such county shall appoint a county superintendent of education who shall fill said vacancy and who shall hold office until the second Tuesday in January next after said general election and until his successor qualifies.

term of twenty years or longer to be considered as owners; for the giving of notice of said application and the hearing and passing on same by said Board, formation of a Commission for the Road District, consisting of the Board of County Commissioners, or like body, as ex-officio members thereof, and providing for their duties in connection with the plans specifications, construction of and financing the road or roads in such road improvement district; providing for the organization of said Board of Commissioners of said road improvement district and declaring same a body politic and corporate with power to sue and be sued and have perpetual succession for the purpose of building, constructing, maintaining and repairing the roads in said district; providing for the employment of an engineer in connection with such road improvement who may be the County engineer, also for assistance from the State Highway Commission; for the payment by the county of the preliminary expense of organization, including advertisement, and assessors for first assessment; for the appointment of a Board of Assessors by said County Commissioners to assess against the lands in said district the amount to be collected for the construction of the road or roads and other expenses not in excess of the improved value of said land by reason of special benefits derived from said improvement; to provide for placing of such assessment on assessment book and collecting same by the County Tax Assessor and Tax Collector and their compensation; To provide for the enforcement of the collection of such assessments by proceedings in the circuit court and such other details as may be necessary for the carrying out of the purpose of such constitutional amendment, That at the hearing any person desiring to do so may remove their name from the petition, and persons interested may also file objections thereto in writing; whereupon if a majority of land owners, either in property or acreage still remain on the petition, it must make an order creating same, and may eliminate such portions as will not be benefited. The petition may be signed by women, married or single, by guardians for their wards, trustees, executors, administrators for estates, and corporations under their seal; that the order of the Board establishing said district shall have the effect of a judgment and shall be deemed conclusive, final and binding upon all territory embraced in the district, and shall not be subject to collateral attack, but any land owner in the district may appeal within thirty days to the Circuit Court, and may likewise appeal from an order refusing to establish such district, or eliminating territory therefrom, but such appeal shall not delay the proceedings for carrying out the proposed improvements; for the naming of the district, and that it shall become a body politic and cor-

H. 1108. To establish a Board of Revenue for Wilcox County, and for the abolishment of the Court of County Commissioners of said County.

Was taken up. Mr. Goode offered the following amendment to the Bill H. 1108.

Amend Section 2 by striking out the last sentence of Section 2 and substituting in lieu thereof the following: "The member of the Board of Revenue from the First District, as provided herein, shall be President of the Board and shall hold the office of President for four years and until his successor is elected and qualified. In the absence of the President the members of the Board present at any meeting of the Board shall elect one of their members as acting President, who shall be authorized to execute all contracts and as such acting President assume all the powers and duties of the President during such absence. No member of the Board may accept any employment or compensation at the hands of the Board.

Amend Section 10 so as to read as follows: "Section 10. That the members of said Board of Revenue shall each be entitled to Five Dollars (\$5.00) per day for each day of actual service rendered in attending meetings of said Board, and five cents per mile and ferriage for traveling to and from the sitting of said Board and to and from the place where any service is rendered by them, to be paid out of the county Treasury on certificates or warrants signed by the President of the Board.

Amend Section 7 by inserting after the word "Compensation" and before the word "and" in line 3 of said section, the words "not to exceed six hundred dollars (\$600.00) per annum."

distinctly his cause of action, and the sum he claims to be due, and that the same is due, owing and unpaid, a copy of which must be served on the defendant with the summons and complaint, plaintiff shall be entitled to judgment for the amount so claimed with interest and costs, unless the defendant shall file along with his plea, if in bar, an affidavit of defense denying the rights of the plaintiff as to the whole or some specified part of his claim, and specifically stating also in precise and distinct terms, the grounds of his defense, which must be such as would, if true, be sufficient to defeat the plaintiff's claim in whole or in part.

(b) The provision of this rule shall not apply to defendants who are representatives of decedent's estates, except when the affidavit filed with the complaint sets forth the contract sued on was directly with such representatives, or that a promise to pay was made by him.

(d) When the affidavit required to be filed herein above does not comply with said provisions, such affidavit may be stricken out and judgment entered on motion.

(e) The court may by rules require such affidavit of defense and pleas to be filed along with the demurrer, if any be filed, which affidavit shall not waive the demurrer.

Section 22. The plaintiff electing to bring suit in this court shall endorse upon his complaint that he waives a trial by jury, and his election to file his suit in this court shall be deemed as a matter of law as his waiver of his right to have such cause tried by jury.

Section 23. In all cases filed in this court the issues and questions of fact shall be tried by the court without the intervention of a jury, unless a jury be demanded by the defendant within seven days after the summons and complaint is served on him, or by any other person interested in such issue or question, at the time he appears; such demand must be made by such person that intervenes upon the pleading or paper filed by him for the purpose of presenting such issue or question of fact, or by the defendant or other party occupying the position of the defendant, including the garnishee, by making a formal written demand upon the demurrer, plea, other pleading, or separate paper filed by him, that he demands a trial by jury; such demand must be in writing, signed by the party or his attorney and filed with the clerk of the court, and must be filed by the defendant within seven days after the summons and complaint is served on him.

Section 24. When the defendant or other party occupying the position of defendant, or other party entitled thereto, shall have demanded a trial by jury, in the manner and within the time provided, this court shall proceed to settle the pleadings and make up an issue, and if an issue of fact be made up (a) the judge may proceed to try said cause with a jury, as herein provided; or (b) the judge may make an order transferring said cause to the circuit court, whereupon the clerk of this court shall transfer all papers in said cause, together with a transcript of the court's ruling on the pleadings, to the Circuit court of Jefferson County. Said cause shall be by the clerk of the circuit court of Jefferson County, docketed, and shall there proceed as if said cause were in said Circuit Court on appeal from a Justice Court wherein the appellant had demanded a trial by jury for such trial in the circuit court.

Section 25. Whenever a jury is required to try an issue in this court the judge of this court shall procure the jury box of Jefferson County and the key thereto, and shall draw from the jury box as many names as he may think necessary, in no case less than sixteen, and must immediately return the key and box to the proper custodians thereof, respectively, and after each name is drawn it shall not be returned to the jury box except as herein otherwise provided, and there shall be no selection of names except as hereinafter provided, and shall make and file a record of the drawing, and issue an order to the sheriff requiring him to summon the jurors, and the judge must draw the jurors in the manner provided by Chapter 311 of the Code except where otherwise in this Act provided; provided, however, that the judge may discard and return to the jury box any names so drawn if the name is of a person who does not reside within the jurisdiction of this court.

Section 26. Whenever there are not enough qualified jurors in attendance upon the court to permit the juries required, the judge of the court shall draw from the jury box names of as many jurors as he may deem necessary, who are then within or reside within the City of Birmingham. The sheriff shall forthwith summon all jurors thus drawn to attend court when required and he may summon them by personal service or by telephone or by telegraph, or may in like manner order a deputy or special deputy to summon them or may telephone or telegraph direct a deputy to summon such juror. The court shall then proceed to empanel or complete the empanelling of the juries.

Section 27. Jurors drawn and empaneled to serve in this court may be required to serve for an entire week.

Section 28. It is the duty of the court, before administering the oath prescribed by law to any juror, to ascertain that such juror has the qualifications required by law.

Section 29. (a) Each party has the right to challenge two of the jury peremptorily. Neither party shall have a right to a struck jury.

(b) The judge shall empanel sixteen jurors for the trial of any case, from which panel each party may peremptorily challenge two jurors.

Section 30. The sole remedy for any error in the drawing, summoning, empaneling or otherwise, of jurors, on the trial before a jury, shall be by an appeal to the Circuit Court, where the cause shall be tried de novo as provided in this Act.

Section 31. That the term of this court shall commence on the first day of January of each year, and end on the 31st day of December of each year. The final judgments rendered by said court shall after the expiration of ten days from their rendition, be taken and deemed as completely beyond the control of the court, as if the term of said court at which said judgment is rendered had ended at the end of said ten days, provided, however, that nothing herein contained shall prevent the parties from applying for new trials or rehearings within said ten days or prevent the court within the said ten days from continuing said motion for a rehearing, to some other time.

Section 32. Unless otherwise ordered by the court, all garnishments issued by said court shall require an answer thereto within seven days after the service thereof; and upon the failure of any garnishee to make answer within such seven days, he shall be deemed in default and a judgement nisi may be rendered against him on motion of the plaintiff, if the plaintiff is otherwise entitled to such judgment nisi; unless otherwise ordered by the court, all citations, rules, scire facias, and notices issued by this court shall require the party against whom they are issued to appear and plead within seven days after services thereof, or if the citations or notices are to be given by publication, within seven days after the perfection of such publication.

Section 33. Any party may appeal from any judgment rendered against him by this court, to the Circuit Court or court of like jurisdiction, within ten days after the rendition thereof.

Section 34. No cause can be appealed from this court to the Circuit Court or other court of like jurisdiction unless the party applying for such appeal first executes a bond with sufficient surety, payable to the adverse party, with condition to pay such judgment as may be rendered against him by the court to which the cause is sought to be removed, and no cause can be removed from this court by statutory certiorari.

Section 35. If such appeal is applied for by a defendant, claimant or any other party against whom a judgment for the payment of money has been rendered, such bond shall be in double the amount of the judgment rendered against him, in-

cluding the costs; in all other cases, in such amounts as may be prescribed by the judge of this court.

Section 36. When appeal is taken, the clerk must return promptly all the original papers of the cause, together with a statement signed by him of the case, and the judgment rendered by the court, to the clerk of the court to which the appeal was taken.

Section 37. The clerk must also issue a notice to the appellee that such appeal has been taken which must be executed by personal service on him, his agent or attorney, five days before the return day of the appeal, and must be returned promptly by the constable, or other officer, to the clerk of the court to which the appeal was taken; but in lieu of notice by personal service to the appellee, or his agent or attorney, the clerk may send said notice by registered mail addressed to the appellee, his agent or attorney, with the demand for a return receipt and such return receipt, signed by the appellee, his agent or attorney, shall be proof of said notice.

Section 38. If the appellee, after the appeal is taken, moves out of the county or absconds or secretes himself, so that notice cannot be served on him, it shall be the duty of the constable to execute such notice by leaving a copy at the residence, or late residence, of the appellee, and by posting the same in front of the court house door of the County of Jefferson, and return the facts to the clerk of the court to which the appeal was taken on or before the second day of the term.

Section 39. That in all causes removed from this court to the Circuit Court by appeal, the cause shall be tried therein de novo and the issues and questions of fact shall be tried by the Circuit Court without the intervention of a jury, except that when the plaintiff appeals from a judgment rendered on a verdict of a jury, defendant may have a trial by jury on the appeal if he demands the same, in writing, within ten days from the time that plaintiff files his appeal bond, or within ten days of his being notified of the appeal.

Section 40. That any party to a cause in this court may deposit with the clerk of this court the necessary postage with the names and addresses of the witnesses, and it shall thereupon be the duty of the clerk of this court to summon said witnesses by addressing a letter to them, at such addresses, duly registered, with demand for return receipt, and such return receipt shall be proof of the service of said summons upon such witness, and any such witness being so served and failing to appear, shall be in contempt of the court and may be attached and punished as provided by law as to parties guilty of contempt, and may also be imprisoned.

Section 41. The judgments of this court may be recorded as provided by Section 4156, 4157, 4158 and 4159 of the Code of Alabama, and said provisions of the Code and said laws shall be applicable to judgments and proceedings in this court.

Section 42. All witnesses shall receive the mileage and per diem for attendance on this court, as provided by law for witnesses in the Circuit Court.

Section 43. The Board of Revenue of Jefferson County shall provide a place for the holding of this court and shall furnish all the necessary stationery, papers and other things, as provided by law for the Circuit Court of Jefferson County, that may be necessary for the operation and maintenance of this court; the Board of Revenue may, when the business requires it, furnish the court additional clerical help and cause the same to be paid out of the Treasury of Jefferson County.

Section 44. Neither party to a civil suit in this court as a matter of right may file interrogatories to be propounded to the opposite party, but for good cause shown, the judge of this court may allow such interrogatories to be propounded, in which case the judge shall fix the time in which they shall be answered, and the said filing and answering of said interrogatories, except as herein provided, shall be governed as far as applicable by Article 10, Chapter 290 of the Code of Alabama as now enacted or hereafter amended.

Section 45. In case of emergency, the judge of this court may appoint a suitable person to act as constable, without bond except as hereinafter provided, and the person appointed must perform the same duties, and is liable to the same pains and penalties, and is entitled to the same fee and compensation, as regular constable; but such special constable is not authorized to levy or collect executions, attachments or writs of detinue, unless prior to the levying or collecting of executions, attachments or writs of detinue, he execute a bond in a sum of twice the amount of the property to be levied on, payable to the defendant and conditioned as required by constable bond, with sureties to be approved by the judge appointing such special constable.

Section 46. The law applicable to issuing and levying of executions in the Circuit Court shall apply to this court, and this court shall have the right and authority to cause the levying upon real estate and the sale thereof as provided in like cases in the Circuit Court.

Section 47. That all laws, or parts of laws, general or special, in conflict with the provision of this Act, shall be and the same are, hereby repealed.

Section 48. If any section or provision of this Act shall be declared void or unconstitutional, it shall not effect or disturb

the validity or constitutionality of any other section or provision which is not in and of itself void or unconstitutional.

S. 337. To provide for the manner of selecting the county superintendent of education of Tuscaloosa County, Alabama; to fix his qualifications; his term of office and salary.

Was taken up.

Mr. Ward of Tuscaloosa offered the following substitute for the Bill S. 337.

Amend Senate Bill 337 by substituting therefor the following to-wit:

S. 337. A Bill to be entitled an Act to provide for the manner of selecting the county superintendent of education of Tuscaloosa County, Alabama; to fix his qualifications, his term of office and his salary.

Be it Enacted by the Legislature of Alabama:

Section 1. That upon the presentation of a petition signed by not less than twenty-five per centum of the qualified electors of Tuscaloosa County, Alabama, to the Probate Judge of said county not less than ninety (90) days prior to the general election in 1928, requesting that an election be called in said county for the purpose of submitting to the qualified electors thereof the question of whether or not the Superintendent of education in said county shall be elected by the qualified voters thereof, or selected by the county board of education. That the probate judge, after ascertaining that the petition contains the required number of signers shall call such an election to be held on the first Tuesday after the first Monday in November, 1928, and shall advertise the same in some newspaper published in Tuscaloosa County for two consecutive weeks. That the ballot to be used in said election shall read as follows:

"Shall the county superintendent of education in Tuscaloosa County be elected by the qualified electors as other county officers are elected?"

"Yes....."

"No....."

"The voter shall make a cross mark before or after his choice."

Said election shall be conducted by the same election officers who conduct the general election, the vote canvassed and the result declared in the same manner as is provided by law for general elections. If in said election the majority of the votes cast are in favor of the election by popular vote then there shall be elected in 1930, at the same time and in the same manner as other

county officers are elected the county superintendent of education whose term of office shall begin on the first Monday after the second Tuesday in January, 1931, and every four years thereafter; but nothing in this Act shall be construed to interfere with any contract existing between the county board of education and the present county superintendent of education at the time of the passage of this Act, and the present county superintendent of education may hold office until the time for installation of his successor under the provisions of this Act.

Section 2. Such county superintendent of education shall hold office for four years from the time of his installation in office, as provided in this Act, and until his successor is elected and qualified, and shall receive a salary not to exceed the sum of four thousand dollars per annum, to be fixed by the county board of education, payable in monthly installments, on the last day of each month; and the county board of education may, at its discretion, add thereto not exceeding six hundred dollars per annum for travelling expenses to be paid in the same manner.

Section 3. Before any person can qualify as a candidate for the office, he must file in the office of the probate judge of the county an affidavit, together with a transcript of courses completed, that he is a graduate of an "A" grade college or university, and that he has been actively engaged in educational work for the last three years prior thereto.

Section 4. Such county superintendent of education must be a qualified elector of Tuscaloosa County and possess all the qualifications required under the general laws of this State for county superintendents of education, in addition to the qualifications provided for in this Act; and he shall perform and discharge all of the duties of county superintendent of education under the general laws of this State.

Section 5. If at any election for county superintendent of education no one qualifies as a candidate under this act, the county board of education shall have the right to engage a county superintendent of education in accordance with the general laws of Alabama; provided that the county board of education shall not enter into a contract with any person to serve as county superintendent of education for more than four years from the time of the expiration of the preceding term.

Section 6. All laws and parts of laws in conflict with this Act are hereby repealed.

And the substitute was adopted.

(f) The kind or classes of shares the association proposes to issue and the par or matured value thereof which shall be \$50.00 per share. The amount of capital stock shall be unlimited.

(g) The certificate may also contain any other provision which the incorporators may see fit to insert for the regulation of the business and for the conduct of the affairs of the association, provided that such provisions shall not conflict with the Constitution of Alabama. (2) For his services the Judge of Probate shall receive fifteen cents for each one hundred words of the certificate and \$2.50 for examining this certificate. The incorporators shall pay to the Probate Judge a charter fee of Twenty-five dollars (\$25.00) to be paid into the General Fund of the State as other Charter fees are paid, and which shall be in lieu of the charter fee provided for by Section 6969 of the Code of Alabama 1923. In the case of a foreign association it shall, in addition, comply with all the other laws of this State applicable to foreign corporations. Before issuing licenses to associations to do business, or before issuing certificates of approval to a Probate Judge authorizing the incorporation of associations, the Superintendent of Banks must make an examination of the proposed organization, business and affairs of such association, its forms of contracts, or shares, the terms and method of its loans, its proposed advertising and all other matters in any way bearing on its safety as an institution which money may be invested in, and the terms upon which it lends money. If any of the practices of such association are not in conformity with any of the limitations in the laws of this State contained on the powers of association, or if its advertising is misleading, or if its name resembles that of any other association doing business in the State so that confusion would likely result therefrom, or if as a result of his examination he is satisfied that such an association cannot carry out its undertaking or if the personnel of its officers and incorporators is not such as to inspire public confidence, or if he entertains reasonable doubts as to the field of service of such association he may, if so authorized by the Building and Loan Association Board, refuse to issue the certificate of approval or a license. And if at any time after issuing a license he shall become satisfied that any of the practices of such association are such that he would not have issued the license in the first instance, or are fraudulent or misleading, or are unfair, unjust, inequitable, or oppressive to any class of contributors, he shall call a meeting of the Board and submit to said Board Members the matters of default or misconduct in the practices or affairs of such association, of which meeting the association shall have notice and upon which matters the association may be heard in person or by counsel, and if said Board so directs the Superintendent shall prosecute the parties responsible therefor under the criminal laws of the State of Alabama and cancel the license of such association.

(5) All associations shall publish annually in some daily newspaper published in the city where such association has its

principal place of business, if there be such daily paper and if not then in some other newspaper at such place a full statement of their financial affairs in a form to be provided by the Building and Loan Association Board. The Superintendent of Banks shall annually, and oftener if deemed necessary by the Board to do so, make an examination of all of the affairs of each association doing business in this State and for that purpose shall be given access to all books, documents, and other property of the association. If such access be refused he may, with the approval of the Board, revoke the license of the association so refusing. If in his opinion, any association subject to the provisions of the laws of the State of Alabama governing Building and Loan Associations, is insolvent or should be wound up the Superintendent of Banks may, with the approval of the Building and Loan Association Board file a bill in equity against such association in the county where it has its principal place of business, praying the appointment of a receiver and the associations liquidation. If the court shall find that such association is insolvent or has been guilty of fraudulent or misleading practices it shall be liquidated under the court's direction.

(6) It shall be unlawful for any corporation, company, society or individual to do a building and loan business in this State unless it is in fact a building and loan association and it shall be unlawful to use in its name the term "Building and Loan," "Savings and Loan", "Building Association," "Loan and Savings," or device to hold out to the public that the institution carries on the business of a Building and Loan Association, unless it is in fact a Building and Loan Association as provided under the laws of the State of Alabama, and every such corporation using such words unlawfully as a part of its corporate name shall be fined in any sum not exceeding twenty-five dollars for each and every day it shall so unlawfully use such words as a part of its corporate name. Each association incorporated under the laws of the State of Alabama after the approval of this Act, shall use in its corporate name the term, "Building and Loan Association," provided the same shall not apply to existing associations.

(7) The funds of the association, in addition to being loaned on first mortgages and on its shares, may be deposited in any bank under federal or state supervision, may be invested in other building and loan associations doing business in the State of Alabama or in state or Government bonds.

(8) The capital of every building and loan association shall be paid by the subscribers in the manner provided by the By-Laws of such association. All payments on installment stock shall be called dues. Certificates, pass books or other evidence of the terms under which payments are made, shall be issued to

each shareholder on the first payment of dues by him. All shares matured and surrendered or cancelled shall become the property of the corporation and may be reissued. Associations may issue shares or certificates on which the full amount is paid at the time of the issue, and shares to be paid for in weekly, monthly or other installments or by payment at such time and in such manner as may be provided in the By-Laws until such shares reach their matured value or are withdrawn. The By-Laws shall provide for the different classes of shares, the manner in which they may be withdrawn in whole or in part, the extent to which they shall share in the net earnings of the association, and the dividends, if any, to be paid thereon.

(9) Members shall have the privilege of electing to be associated in classes of shares having rights and privileges of fixed and definite earnings on their contribution, and, or assuming lesser obligations and duties to or waivers in favor of other classes as each shall prefer and elect; provided however, that this Section shall not limit the right of the association to determine the class or variety of stock to be issued to any member.

(10). The voting power of members shall be such as may be provided for by the By-Laws.

(11) Associations shall not be liable for taxes levied on the shares of stock of other associations or corporations or on any excess of value in shares over and above the value of taxable value of the association's property. The holders of all classes of shares shall be deemed members of the association. Withdrawable sums shall not be deemed a part of the capital stock for purposes of taxation.

(12) All sums paid in as dues on withdrawable shares or as deposits shall have a definite withdrawable value as may be provided in the By-Laws.

(13) No person shall act as solicitor or agent for the sale of shares of stock, shares of membership, certificates or other securities or forms of investment issued by, or for the securing of loans from any association, corporation or society until he has first secured from the Superintendent of Banks a license therefor. The Superintendent of Banks, upon the request of any building and loan association doing business in this State, shall issue such license when there is filed with him a duplicate of the appointment or authorization, together with a request from such association, corporation or society that a license be issued to him to act as an agent or solicitor for it, and accompanied by a fee of ten dollars. All such licenses shall expire by limitation on the 30th day of September succeeding their issue, but shall be renewed from time to time, for an additional term of one year, upon a request therefor from the association, corporation or society originally applying, and the payment of a renew-

al fee of ten dollars. Any such license may be revoked at any time by the application of the association, corporation or society for whom it was issued, and may be revoked for cause by the Superintendent of Banks, if said Superintendent be so directed by the Building and Loan Association Board. The superintendent of banks shall keep an alphabetical list of the names of persons to whom such licenses are issued with the date of issue and renewal, and the name of the association, corporation or society for whom such licensee is authorized to act. All such licenses shall be issued under rules and regulations prescribed by the Building and Loan Association Board. The fees and requirements stipulated herein shall be in lieu of any other fee and requirement now provided for by law.

(14) Any two or more building and loan associations may unite and become incorporate in one body, with or without any dissolution or the division of the funds of either of them, or any such corporation, association or society may transfer its engagements, funds and property as may be agreed by a unanimous vote of their respective boards of directors, provided however, that any such consolidation or transfer must also be approved by the Building and Loan Association Board.

(15). Any violation of any of the provisions of this Section shall constitute a misdemeanor. Upon action brought by the Superintendent of Banks, with the approval of the Building and Loan Association Board, the Court must also issue an injunction, restraining any person, company, firm, co-partnership, or corporation from continuing to violate any provision of this Section.

(16) Municipalities may levy a license in proportion to the capital, reserve an undivided profits of the association upon the same schedule as is now provided for Banks in Section 6287 of the Code of Alabama, 1923, and none other.

Section 6. Be it further enacted by the Legislature of Alabama that Section 7104 of the Code of Alabama of 1923 be amended so as to read as follows:

Gentlemen:

I am returning herewith to the House of Representatives, the body in which it originated, House Bill Number 776 without my approval. I suggest the following executive amendment, which, if concurred in, will render the Bill free from objection.

BILLS ON THIRD READING

H. 1166. To provide for the administration and control of the public school system in any county of not less than seventy-five thousand nor more than one hundred thousand population according to the last or any succeeding Federal census; to establish a Board of Education, and provide for the manner of its selection.

Was taken up. Mr. Goodwyn offered the following substitute for the Bill, H. 1166:

A Bill to be entitled an Act to provide for the consolidation of the administration and control of the public school systems in any county of not less than seventy-five thousand nor more than one hundred thousand population according to the last or any succeeding Federal census; to establish a Board of Education, in lieu of all other city and county Boards of Education in such counties, and provide for the manner of its selection and to define its authority.

Be it Enacted by the Legislature of Alabama:

Section 1. In all counties having a population of not less than seventy-five thousand, nor more than one hundred thousand, according to the last or any succeeding Federal Census, the administration and control of the public schools and the public school interests, therein and thereof, shall be under the exclusive direction and management of a Board of Education consisting of eight members, which Board shall be in lieu of any and all existing City Boards of Education and County Boards of Education, within such Counties, which such existing City and County Boards of Education are hereby abolished.

The Board hereby created shall select from its membership a Chairman, who shall be entitled to vote as any other member

of the Board, and also, in the event of a tie, shall cast the deciding vote in all matters coming before the Board.

When this law goes into effect the State Superintendent of Education, except in cases otherwise provided in this Act, shall appoint four of the members of said Board to serve until January 1, 1929, and four to serve until January 1, 1931. The successors shall be elected by the qualified electors of the County at the general election next preceding the expiration of their respective terms, and shall hold office for a term of six years and until their successors are elected and qualified.

Section 2. In all such counties in which there is situated a municipality which has a population of not less than forty thousand, such Board of Education shall be selected as follows: Five members thereof shall be elected by the City Council, City Commission, or other governing authority of such city, and three members thereof shall be elected by the qualified voters of the County as hereinafter provided, two of whom must reside outside of the corporate limits of any such municipality, and provided that the three members to be selected by the County, except as otherwise provided herein, shall be elected at the general election held in 1928 and shall take office on the first day of December following such election.

Section 3. Immediately upon this Act becoming effective the City Council, City Commission, or other governing authority of any such City, in any such County, shall appoint or elect five members of said Board of Education, whose terms of office shall be as follows: One member shall be elected for one year, one for two years, one for three years, one for four years, and one for five years, the respective successors of such members shall be so appointed or elected for a term of five years. Those members of the County Board of Education, as existing and constituted at the time this Act takes effect, who reside outside the corporate limits of any City, as defined in Section 2 of this Act, shall be and continue as members of the Board of Education created by this Act for such period as they would have continued as members of the County Board of Education, if such Board had continued to exist, and their respective successors shall be elected at the general election next preceding the expiration of their term of office.

In the event it becomes impossible to lawfully select any of those members of such Board as are to be elected by the qualified voters of any such County prior to the 30th day of June, 1928, then the State Superintendent of Education shall have authority to temporarily fill any such vacancy until such vacancy is filled by election. In the case of any vacancy by reason of resignation, death, or otherwise, such vacancy is to be filled for the unexpired term in the same manner as originally selected.

Section 4. All the rights, privileges, authority and powers now vested by law in any City Board of Education or any County Board of Education within any such County be and the same are hereby conferred upon and vested in the Board of Education created by this Act, and such Board shall have full authority to make a single coordinated system of all the City and County public schools in any such County, but no contracts, obligations or employment entered into by any of the existing Boards prior to the passage of this Act shall in any way be affected by their abolishment.

Section 5. This Act is a coordinate whole and all of the provisions herein shall be construed as interlocked and dependent one upon another, and the Courts will so construe the same.

Section 6. The provisions of this Act shall take effect the 30th day of June, 1928.

Section 7. All laws and parts of laws in conflict with this Act be and the same are hereby repealed.

And the substitute offered by Mr. Goodwyn was adopted.

MESSAGE FROM THE GOVERNOR

To the Legislature of Alabama:
Gentlemen:

I return herewith to the House of Representatives, the body in which it originated, House Bill No. 341, without my approval. I suggest the following executive amendments, which, if concurred in, will render the bill free from objection:

Amend Section 1, sub-division 5 by striking therefrom the following words, "should there be a bridge already constructed at any of the points named herein, the corporation is authorized in lieu of building a bridge at that site to purchase the existing bridge, if in the opinion of the corporation and the Governor it is adequate to meet the public needs, and if it can be purchased at a cost approved by the corporation and the Governor."

Further amend the bill by striking therefrom all of sub-division (6) of Section 1 and substituting in lieu thereof the following:

"The interest on said bonds may be paid out of the residue of the receipts from gasoline tax collected by the State under the Excise Gas Tax Act approved January 25, 1927, and known as the Gasoline Tax Act after there has been taken from that fund the amount necessary to meet all of

the primary purposes to which said gas tax fund is pledged under Article XXA as an amendment to the Constitution of the State, and as provided for in Section 10 of the Act approved January 25, 1927; or the interest may be paid out of the net receipts from the Convict Department as authorized by amendment to Section 93 of the Constitution, declared by Proclamation on November 17, 1908; or the interest may be paid out of any funds in the Treasury as authorized by the amendment to Section 93 of the Constitution, as set out above. Such an amount of money as may be necessary to pay the interest herein provided for is hereby appropriated out of any monies in said funds not otherwise appropriated. The payments herein provided for shall be made on the requisition of the corporation, approved by the Governor, and by warrants drawn by the State Auditor upon the State Treasurer, designating the fund out of which said interest may be paid."

Respectfully,
Bibb Graves,
Governor.

On motion of Mr. Long, the House concurred in and adopted the amendment proposed by the Governor to the bill, H. 341, said amendment as proposed by the Governor being set out in the above and foregoing Message from the Governor.

Mr. Frey offered the following substitute for the bill, H. 1172:

Substitute for H. 1172:

A BILL

To be entitled An Act imposing liability for and relating to the publication or circulation of false, unfair, misleading or garbled information, and to actions at law therefor.

Section 1. That the publication or circulation of any false, or misleading or unfair article, story, or report in which any person in this State is directly or indirectly mentioned or referred to, is declared to be prejudicial to the public welfare and actionable.

Section 2. That the publication or circulation of any false or misleading or unfair report or account of, or story, or article about any meeting or proceeding open to the public in this State, is declared to be prejudicial to the public welfare and actionable.

Section 3. That the publication or circulation of any false or misleading or unfair or garbled account or report of any public speech or public address delivered by any person in this State, is declared to be prejudicial to the public welfare and actionable.

Section 4. Any person in this State that is directly or indirectly mentioned or referred to in any false or misleading or unfair article, story, or report published or circulated in this State shall have a right of action against any and all persons concerned in any way in the publication or circulation of the same, and shall recover such damages as the court or jury trying the case may assess.

Section 6. Any person who makes or delivers any public speech or public address in this State, shall have a right of action against any and all persons who are in any wise concerned in the publication or circulation of any false or misleading or unfair or garbled account or report of such speech or address.

Section 7. The word person as used herein includes firms, association, corporation and organization wherever such terms are applicable.

Section 8. This Act shall be liberally construed in favor of the rights of action created herein and to suppress the evil aimed at, viz.: The publication or circulation of any false, misleading, unfair or garbled printed information, without regard to the same being libelous or actionable independent of this statute, which is an exercise of the public power of the State of Alabama.

Section 9. Any action for damages authorized by or brought pursuant to the provisions of this Act may be maintained in any county in the State in which the matter complained of was published, and the complaint may be in substantially the following form, which is declared to be sufficient:

UNDER SECTION 1

Plaintiff claims of the defendant.....dollars damages, for that on to-wit: the.....day of....., 19....., the defendant published or circulated, or was concerned in the publication or circulation of an article, story or report, which was false, misleading or unfair, and in which plaintiff was directly or indirectly mentioned or referred to, which said article, story or report was circulated in.....County, Alabama, and was in words and figures as follows:

(Here set out Article.)

And as a proximate consequence plaintiff sustained actual damage, and plaintiff claims punitive damages.

UNDER SECTION 2

(Here set out the report or account.)

And as a proximate consequence plaintiff sustained actual damage, and plaintiff claims punitive damages.

Section 10. All actions authorized by this Act must be filed within two years after the matter complained of was circulated or be forever barred.

Section 11. In all actions brought pursuant to the terms of this Act, the court shall instruct the jury that if the jury is rea-

sonably satisfied by the evidence in the case that the publication complained of was false, or misleading, or unfair, or garbled, that then the law prima facie presumes that the plaintiff sustained actual damage, such as mental anguish, annoyance, humiliation, and embarrassment; and that the jury is authorized to award such sum as it believes to be reasonable and proper for such injury and damage, and in addition thereto, such additional sum as it may see fit to impose on the defendant as a punishment for the wrong done the plaintiff individually, and society in general.

Section 1. This Act shall be known as and may be cited in all the courts of this State as the "TRUTH IN NEWS ACT". It shall take effect on its approval by the Governor, and should any paragraph or provision thereof be declared unconstitutional, such holding shall not affect any other paragraph or provision not in itself unconstitutional, and all laws and parts of laws in conflict herewith, including laws relating to or providing for a demand for a retraction, which is unnecessary under this Act, are hereby expressly repealed.

Whereas, the long session of the Legislature has kept the members of the Senate and House in Montgomery practically all the year and it has been necessary to find means of recreation and restful amusement during the long evenings we have been away from our homes; and, whereas the many courtesies shown us by Mr. Hoxey C. Farley, Manager of the Montgomery Enter-

prises, Inc., have done much to add to the pleasure of our long stay in Montgomery; therefore,

Be it resolved by the House of Representatives of the State of Alabama that we extend our thanks to Hoxey C. H. J. R. 321. Whereas, one of the finest Stadiums in the South will be dedicated in Birmingham, Alabama, on the 19th day of November, 1927, by Birmingham Post No. 1 of the American Legion; and,

Whereas, said Stadium has been officially named "Legion Field" by the Park and Recreation Board of the City of Birmingham, and is intended as a memorial to all Alabamians who made the supreme sacrifice in the late war; and,

Whereas, Birmingham Post No. 1 of the American Legion is now engaged in raising \$50,000.00 with which to erect a memorial entrance to said Stadium, on which all the names of Alabama's dead in the late war will be permanently enrolled, and for this purpose, has arranged for Howard and Birmingham-Southern Colleges to play their annual football game in said Stadium, on said date, as the dedicatory game; and,

Whereas, by agreement between said Colleges and the Legion, the major portion of the proceeds of said game are to go to the Legion's memorial fund and be used exclusively for the said memorial entrance; and,

Whereas, said undertaking, in our opinion, is entitled to the cordial support of every patriotic citizen in this State;

Now, therefore, be it resolved by the Legislature of Alabama as follows:

MESSAGE FROM THE GOVERNOR

To The Legislature of Alabama,
Gentlemen:

I return herewith to the House of Representatives, the body in which it originated, House Bill No. 481 without my approval.

The reason for my disapproval is that the salary increase made therein is beyond that recommended by the Budget Commission, and is out of line with the salaries of other employees in the Capitol doing the same character of work. The Budget Commission was assured by the Chief Justice that the salary now fixed is commensurate with the service rendered.

Respectfully,
Bibb Graves.
Governor.

The question was shall the Bill, H. 481 pass the Governor's veto to the contrary notwithstanding. And the House refused to pass the Bill, H. 481 over the veto of the Governor.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has concurred in and adopted the resolution:

H. J. R. 314. Relative to adjournment of the two Houses until Friday, September 2nd, 1927.

And returns same herewith to the House.

J. E. Speight,

MESSAGE FROM THE GOVERNOR

To the Legislature of Alabama,
Gentlemen:

I herewith return to the House of Representatives, the body in which it originated, House Bill Number 852 without my approval. The reason for the disapproval is that in its present state the Bill is unconstitutional; but, in my judgment, the Bill may be rendered constitutional by adding the following amendment, which I suggest as an executive amendment, and if adopted, will remove objections to the Bill:

Amend the Bill by adding the following Section:

Provided, however, that the provisions of this Act shall not become effective unless and until the ratification by the people of the constitutional amendment proposed by House Bill Number 55, which was approved on August 13th, 1927, submitting a constitutional amendment for Mobile County so as to authorize and empower the Legislature from time to time, by general or local laws, to fix, regulate and alter the costs, charges of Court, fees, etc.

Respectfully,
Bibb Graves,
Governor.

August 30, 1927.

AMENDMENT TO S. 445

Amend section 2 of Senate Bill 445 so that it shall read as follows:

Section 2. The court of county commissioners of Pike County, as now constituted, is hereby abolished upon the approval of this Act by the Governor, and there is hereby conferred upon said Board of Revenue all jurisdiction and powers which are now vested by law in the court of county commissioners of Pike County or that may hereafter be vested by law in the Board of Revenue of Pike County, and nothing contained in this act shall be construed to amend, modify or repeal any existing local law for Pike County and all such local laws shall remain in full force and effect as to and shall govern and control the Board of Revenue and apply thereto as fully as they now do to the Court of County Commissioners, except in so as they relate to the number of days for which they may receive compensation.

Amend section 3 of Senate Bill No. 445 by adding at the end thereof the following: "Provided, that nothing contained in this section shall prevent the Board of Revenue from changing or re-

arranging the said districts from time to time in the manner provided by law."

Amend Section 6 of Senate Bill No. 445 so that it shall read as follows: Section 6. That the members of the Board of Revenue, except the Judge of Probate, shall each be entitled to receive six dollars (\$6.00) per day for each day's attendance upon the meetings of said Board, and five cents per mile travelled while engaged in the performance of their official duties; provided, however, that no member shall on any account receive any compensation either for per diem services or for mileage travelled for more than sixty days during any one calendar year. The per diem and mileage compensation of the members of said Board of Revenue herein provided for shall be paid on itemized claims verified by affidavits, and audited, allowed and ordered paid as are other claims against the county and shall be payable out of the county treasury.

And said bill,

S. 427. A Bill to be entitled an act to provide and submit to the qualified electors of the State of Alabama at an election to be held on the second Tuesday next after the expiration of three months from the date of the final adjournment of the present session of the Legislature an amendment to the Constitution of Alabama, so as to fix the debt limitation of all cities, towns, villages, and other municipal corporations of the State of Alabama, to set out the kinds of indebtedness not included in such limitations, and to provide for the levy and collection of a tax in every City, town, village, or other municipal corporation, in the State, sufficient to pay the principal and interest upon all bonds, including refunding bonds, hereafter issued.

Be it enacted by the Legislature of Alabama :

Section 1. That the following amendment to the Constitution of Alabama is hereby proposed, and an election by the qualified electors of the State is hereby ordered upon such proposed amendment and the day appointed for such election is the second Tuesday next after the expiration of three months from the date of the final adjournment of the present session of the Legislature at which this amendment is proposed. The amendment proposed is as follows:

(A) All cities, towns, villages, and other municipal corporations are hereby authorized to become indebted in an amount, including present indebtedness, not exceeding ten per centum of the assessed valuation of the property therein, as the same is assessed for State taxation. There shall not be included in the above limitation of indebtedness the following classes of indebtedness, to-wit: (a) temporary loans for current expenses to be paid within one year, made in anticipation of the collection of taxes for the current year, and not exceeding one-fourth of the general revenues for the preceding year; (b) indebtedness already or hereafter incurred for acquiring, providing, or constructing water works, electric light and gas plants; (c) indebtedness already or hereafter incurred for sewer, street, sidewalk and other improvements whether of a like or of any different kind, to the extent that the cost thereof has been or is proposed to be assessed against the property benefited thereby; and (d) indebtedness incurred prior to September 1st, 1927, which, at the time it was incurred, was not included within the then existing constitutional limitation, and any obligations to be incurred in refunding such indebtedness.

In ascertaining the amount of indebtedness subject to this limitation there shall be deducted from the total amount of such indebtedness, sinking funds on hand and applicable solely to the payment of indebtedness subject to said limitation.

(b) Every city, town, village, or other municipal corporation, shall annually levy and collect, in addition to all other taxes now or hereafter authorized by law, a tax on the property situated therein sufficient to pay the principal and interest falling due in that year or falling due in any prior year and remaining unpaid upon all bonds issued hereafter, including refunding bonds hereafter issued (but such refunding bonds shall mature over a period of not less than fifteen years in such installments as may be provided by law) and the officers of such now or hereafter charged by law with the duty of levying and collecting taxes are hereby authorized and required annually to levy and collect such tax in the same manner as other taxes are levied and collected, the proceeds thereof to be applied solely to the payment of such principal and interest, provided the amount of

such tax shall be decreased by the amount of special assessments or other funds on hand and appropriated to the payment of such principal and interest. Nothing herein contained shall prevent any such municipal corporation from applying funds derived from taxes levied for general purposes or from any other source to the payment of bonds of such municipal corporation or interest thereon. Any laws enacted by the Alabama Legislature of 1927 shall be valid and have effect under this amendment to the same extent as if they had been enacted subsequent to its adoption.

Section 2. That notice of the election hereby ordered together with the amendment hereby proposed shall be published in one newspaper once a week in each county in the State for at least eight successive weeks next preceding the day hereby appointed for such election.

Section 3. The expenses of the election herein provided for and the cost of the publication of the notices shall be paid out of the State Treasury in the same manner as the expenses of other elections are paid.

As amended, was read a third time at length and lost.

MESSAGE FROM THE GOVERNOR

EXECUTIVE MESSAGE

To the Legislature of Alabama,
Gentlemen:

I return herewith to the House of Representatives, the body in which it originated, House Bill Number 748 without my approval.

The reasons for my disapproval are, first, that it creates an additional office; second, the salaries provided therein are out of line with the recommendations of the Budget Commission after their careful consideration, and are greater than deemed advisable to be paid for the work required.

Respectfully,
Bibb Graves,
Governor.

August 30, 1927.

The question was shall the bill the veto of the Governor to the contrary notwithstanding.

The House refused to pass said Bill H. 748 over the veto of the Governor.

MESSAGE FROM THE GOVERNOR

To the Legislature of Alabama,
Gentlemen:

I am returning herewith to the House of Representatives, body in which it originated, House Bill 586, without my approval. I suggest the following executive amendment, which if concurred in will render the bill free from objections

Amend Section 9 of the Bill by adding after the figures \$5.00 in the last line thereof the following: "The said sum shall be paid into the State Treasury".

Further Amend the Bill by striking from Section 14 the words "Judge of Probate of the county in which the corporation was organized" where they occur together therein and substitute therefor the words "Secretary of State as Corporation Commissioner Ex-Officio". Further amend Section 14 by striking therefrom all the words beginning with the words "Provided that where" to the end of said Section.

Respectfully,

SIGNING OF SENATE BILLS AND SENATE JOINT RESOLUTION

The Speaker of the House in the presence of the House, immediately after the titles had been publicly read by the Clerk, the reading at length having been dispensed with by a two-thirds vote of a quorum present, signed the Bills, and Senate Joint Resolution the titles to which are set out in the above and foregoing Message from the Senate.

MESSAGE FROM THE GOVERNOR

To the Legislature of Alabama,
Gentlemen:

In this hour, which marks the close of your legislative efforts, I would be recreant to the duty I owe a great people of a great State, if I did not convey to you their appreciation of your work in legislation in their behalf and join with them in their plaudits—"Well done faithful ones, you were true to the trust reposed."

You have written history, memorable for its accomplishments in the welfare, progress, development and harmony of a great State.

In giving to each child of the State an equal opportunity in education you have equalized the burdens of taxation, and initiated the thought of striking down discrimination in class legislation, eliminating dissension among the various groups of interest of the State, and harmonizing the whole into a unit that will develop a carrying on effort that will crystallize and break in the glory and peace and good will of a people and terminate in social, educational, agricultural and industrial developments unsurpassed, as an achievement realized in the years of administration of your legislation.

The State pauses as it renders homage unto you for the opportunity of the enlightenment of its people.

You have provided funds for unifying all branches of our educational system and the results for good are inevitable and immeasurable.

You have placed great responsibilities upon the Governing Board of Education in the distribution of these funds. Your spirit should be an inspiration in assuring absolute harmony and cooperation among the members of said Boards in the equitable distribution of said funds.

The brightest pages of Alabama History will be the educational progress of your administration, the people's administration for the years 1927 to 1931, inclusive.

A standard never to be lowered, but to be improved—an essential landmark of progress in every sense of the word.

In solving the convict question which has perplexed the State for a generation, you have by your patriotic sacrifice in leaving your homes and businesses, and fidelity to duty given expression to the great and beneficent humanitarian thought, graced in the glories of a God, and the unfortunate, either through heredity, environment or training, are now living under the healing powers of nature's wonderful sunshine and breathing the air's pure oxygen, life's living substance, building roads and inaugurating a system of transportation near perfect and satisfactory.

Under the efficient and business administration of the Highway Department and Board of Administration it is now a reality, with only time before you for its complete fulfillment.

Convicts on roads and farms, the realization of the humanitarian thought and the proper usefulness of the unfortunate, building lasting monuments in highways and supplying sustenance for life.

You were also awake to your duty to the constituency of your State in guaranteeing a sound body for sound morals, sound brains and sound souls. The funds provided for are in safe and efficient hands for health improvements, and greater honors await the Health Department of your State, so useful to its people.

That touch of child welfare that found partial expression in past legislation received at your hands the consideration deserved, and under the tender administration of our excellent child welfare department, child value will not be lost to the State.

Agricultural thought for the progress and development of the agricultural interest is thoroughly provided for in your legislation. That no additional burdens of taxation are placed upon the farmer is highly significant and very gratifying. In you the man of the soil and hoe has had a true friend.

As a duty from loyal sons and as a tribute to the living and dead that made memorable the days of heroism, bravery and sacrifice, the days that perpetuated as an everlasting monument in our National life "State rights and local self government", you have guaranteed unto the Confederate soldiers and their widows comfort, ease and peace in their few remaining years through your most liberal appropriation. Sacred in their lives will be your gracious and deserved act; and "When the silver chord of their lives is loosed and the golden bowl is broken", you will hear their joyous cry—may the angels of peace ever bless you.

In fact, every Department of Government has been brought nearer the people and it is a "Government for the People", due to your patience, efforts, and patriotic sacrifices and notwithstanding the campaign of misrepresentation, and vilification that has been launched against you and the administration of which you are a part and the State you have served, by some of the daily papers, calculated to cause you to swerve from the path of duty.

The Lord Chief Justice of England on yesterday warned the American Bar Association that newspapers that misrepresent are more dangerous to our free institutions than the communist or treacherous communistic prop-

agenda. This eminent Jurist and Statesman sounded the warning before America's most representative body of the legal profession, that the greatest and most irresistible blows at our free institutions, come not from beyond our boundaries, but from within, by a press that is willing to abuse its privilege by misrepresentation for the accomplishment of ulterior objects. This forcible pronouncement was featured on the front page of some of the local papers today.

The servants of the people can stand misrepresentation and villification with some degree of patience, as their lives are a continuous refutation of the multitudinous misrepresentations relating to them. They can point to the fact that the opposition of those papers arose from political disappointment. The State, its counties and municipalities, however, are in a different category. They cannot speak, save through the representatives of the people.

No state is more law abiding, no people more liberty loving, no officials are more zealous and faithful, and no people more contented than those within the boundaries of this commonwealth. The record of accomplishments of this Legislature has demonstrated to the world that Alabama has shaken off the shackles of newspaper domination and severed relations with the professional lobbyist, and in a spirit of fairness and justice to all, has taken her place among the free people of the earth. The continued and continuous effort of these publishers to besmirch the name of the State that protects them, the names of its counties that offer them advantages, and to misrepresent our citizenship, who support them is unheard of in ethical journalism.

The freedom of the press is to be protected and respected, but an abuse of that privilege can merit naught but condemnation at the bar of public opinion.

These matters are called to your attention that the records of our State may contain permanent evidence that will refute the idea and impression these publishers have sought to create regarding you and the administration of which you are a part, and the State which you have so nobly served.

May I convey to you my sincere appreciation and assure you of my supreme happiness in the realization that pre-election promises have been fulfilled, and that the unrepresented class at home has found in your legislation a perfect representation and that you have been truly the servants of a great people.

Respectfully,
Bibb Graves,
Governor.

On motion of Mr. Miller of Sumter 500 copies of the Governor's Message were ordered printed for the use of the House.

December 28, 1926.

MESSAGE FROM THE GOVERNOR.

To the Legislature of Alabama:

Gentlemen:

After careful consideration and due deliberation, with a careful review of the public's welfare, and with an earnest desire to cooperate with my successor in office, I reached the conclusion that an emergency existed, such as contemplated in the Constitution, and I have called you into extraordinary session in order that there shall be no cessation in road building in this great State.

Upon careful examination it has been found that the incoming administration will be unable to continue a road building programme unless funds are supplied. After a conference with the Governor-elect, Hon. Bibb

Graves, a programme was agreed upon to give to the people of Alabama an opportunity to pass upon the question of a Twenty Five Million Dollar bond issue for the purpose of building roads. All but \$2,000,000.00 of the \$25,000,000.00 heretofore authorized have been issued and sold and the proceeds applied to the building of roads. Much good has been done, many roads have been built but still more needs to be done and Alabamians are called upon to "take no backward step" but continue the work until good roads are built in every county in the State and the gaps in those already built are constructed, giving to field and farm transportation facilities second to none in the South. Therefore, I have issued a proclamation calling you here, naming only two subjects in my proclamation to be considered by you under this call, to-wit:

1. To submit to a vote of the electorate of Alabama a Constitutional Amendment authorizing the issuance and sale by the State of Alabama of bonds not to exceed in value twenty-five million (\$25,000,000.00) dollars, for the purpose of constructing and maintaining roads, highways, and bridges in the State, said bonds to be in addition to those heretofore authorized for such purposes.

2. To enact a law levying a tax of two cents per gallon on gasoline or other substances or substitutes for the same as the motive power of self-propelled vehicles of all kinds, said tax to be in addition to that already levied upon such substances.

So you will observe that the motive that prompted the call was that funds be made available to the incoming administration as early as possible so that no delay may be had in this undertaking for our development. Bills will be introduced covering these two subjects and I earnestly urge the passage of both as speedily as possible.

I beg to transmit herewith copy of my proclamation, calling you in extra session and I ask that same be made a part of the record.

Trusting that your deliberations will be harmonious and that the State will continue to go forward and that all forces will unite for the peace and prosperity of our people, I am

Sincerely yours,
Wm. W. BRANDON,
Governor.

December 28, 1926.

A PROCLAMATION

By the Governor

WHEREAS, in my opinion, an emergency, such as is contemplated by Section 122, Constitution 1901, exists requiring the action of the Legislature of Alabama concerning matters hereinafter specifically mentioned.

NOW, THEREFORE, I, William W. Brandon, Governor of the State of Alabama, do hereby call into extraordinary session the Legislature of Alabama elected on November 2, 1926, such extraordinary session of the Legislature to convene at the Capitol in the Senate Chamber and in the Hall of House of Representatives on Tuesday, the 28th day of December, 1926, at twelve o'clock, noon, and I do hereby designate the following subjects and matters as those concerning the action of the Legislature, deemed necessary:

(1) To submit to a vote of the electorate of Alabama a Constitutional Amendment authorizing the issuance and sale by the State of Alabama of bonds not to exceed in value twenty-five million (\$25,000,000.00) dollars, for the purpose of constructing and maintaining roads, highways, and bridges in the State, said bonds to be in addition to those heretofore authorized for such purposes.

(2) To enact a law levying a tax of two cents per gallon on gasoline or other substances or substitutes for the same as the motive power of self-propelled vehicles of all kinds, said tax to be in addition to that already levied upon such substances.

IN WITNESS WHEREOF, I, William W. Brandon, have caused this proclamation to be issued on this the 27th day of November, in the year of our Lord, One Thousand Nine Hundred and Twenty six, and have caused the same to be attested by the Secretary of State under the Great Seal of the State.

(Seal)

Wm. W. BRANDON,
Governor.

By the Governor:

S. H. BLAN,
Secretary of State.

GOVERNOR'S MESSAGE

The above and foregoing message from the Governor was read at length.

LEAVE OF ABSENCE.

Was granted to Messrs. Howard, Jones of Bullock and Lawler.

MESSAGE FROM THE SENATE.

Mr. Speaker:

The Senate has originated and adopted the following Joint Resolution:

By Mr. Brown:

S. J. R. 7. Be it Resolved by the Senate, the House concurring, that the Governor-elect, the Honorable Bibb Graves, Lieutenant Governor-elect, the Hon. W. C. Davis, and Governor Brandon be invited to address a Joint Session of the two Houses at 12 o'clock December 29, 1926.

And sends same herewith to the House.

J. E. Speight,

Be it Enacted by the Legislature of Alabama :

Section 1. The following amendment to the Constitution of the State of Alabama is hereby proposed and an election is hereby ordered by the qualified electors of the State of Alabama upon the proposed amendment and the day hereby appointed for such election is Tuesday, the 12th day of April, 1927, which day is more than three months after the final adjournment of this special session of the Legislature at which this amendment is proposed. The proposed amendment is as follows:

Article XXI, Section 1. The State is authorized to engage in the construction, improvement, repair and maintenance of public roads, highways and bridges in the State of Alabama. To this end and for this purpose the State is authorized to appropriate funds, and also to issue and sell interest-bearing negotiable State bonds in addition to those already authorized and sold under Article XX, as an amendment to the Constitution of 1901, in an amount not to exceed the sum of twenty five million dollars (25,000,000.00) ; to be issued in such denominations, numbers and series, and maturing at such times as may be provided by law; all such bonds shall bear a rate of interest not greater than six per cent per annum, payable semi-annually, and shall be sold at a price not less than the par value thereof. Provided, that no bonds shall be issued or sold under this provision to such an amount that the interest thereon will exceed the net amount of the excise tax on the sale of gasoline collected during the current fiscal year, and which is set apart for payment of interest on said bonds. The State Highway Commission or Highway Department shall locate, construct and maintain high-

ways and State trunk roads so as to connect each county seat with the county seat of the adjoining county by the most direct or feasible route or by a permanent road, having due regard to the public welfare; and to connect the county seats of the several border counties at or near the State line with a public road in the border State. Provided, that in counties which are divided into two or more judicial divisions in each of which regular terms of the circuit court are held, the places where said terms of court are held, shall likewise be connected with each other. It shall be the duty of the Highway Commission or Highway Department to equitably apportion among the several counties of the State the expenditure of both money and labor and the time or times of making such investment. Not less than one quarter of a million dollars of the proceeds of these bonds shall be set aside and expended by the State Highway Commission in each county in the State. To create a sinking fund for the prompt and faithful payment of the principal and the interest on these bonds and for the construction, maintenance and improvement of such public highways, roads and bridges, the Legislature shall levy an excise tax of not less than two cents per gallon upon gasoline or any substitute therefor, or an adequate license or excise tax on any other motive power used to propel auto vehicles. Such bonds when issued shall be a direct obligation of the State and for the prompt and faithful payment of the principal and the interest thereon the full faith and credit of the State is hereby irrevocably pledged and such bonds shall be exempt forever from taxes of every kind.

Section 2. Notice of the election hereby ordered together with the amendment hereby proposed, shall be given by a proclamation of the Governor which shall be published in one newspaper once a week in each county of the State, for at least eight successive weeks next preceding the day hereby appointed for such election.

Section 3. At the election hereby ordered to be held as herein provided, the qualified electors shall vote on said proposed amendment; and on the official ballot printed for such election there shall be printed the following, viz: "Shall the following be adopted as Article XXI of the Constitution of Alabama?"

By Mr. Craft:

S. 1. A Bill to be Entitled an Act to propose an amendment to the Constitution of Alabama authorizing the State to locate, construct, improve, repair and maintain public roads,

highways and bridges in the State of Alabama; and to that end to authorize the State to issue and sell negotiable interest-bearing bonds in an amount not to exceed twenty-five million dollars (\$25,000,000.00) in addition to the bonds authorized under the Act approved October 29th, 1921 proposing an amendment to the Constitution of the State of Alabama known and designated as Article XX; and to provide revenue and funds for the prompt and faithful payment of the principal and interest on such bonds and for the retirement of such bonds; and to order an election by the qualified electors of the State of Alabama upon such proposed amendment to be held on Tuesday the 12th day of April, 1927, which day is after the expiration of three months from and after the final adjournment of this special session of the Legislature.

Be it Enacted by the Legislature of Alabama:

Section 1. The following amendment to the Constitution of the State of Alabama is hereby proposed and an election is hereby ordered by the qualified electors of the State of Alabama upon the proposed amendment and the day hereby appointed for such election is Tuesday, the 12th day of April, 1927, which day is more than three months after the final adjournment of this special session of the Legislature at which this amendment is proposed. The proposed amendment is as follows:

Article XX, Section 1. The State is authorized to engage in the construction, improvement, repair and maintenance of public roads, highways and bridges in the State of Alabama. To this end and for this purpose the State is authorized to appropriate funds, and also to issue and sell interest-bearing negotiable State bonds in addition to those already authorized and sold under Article XX, as an amendment to the Constitution of 1901, in an amount not to exceed the sum of twenty-five million dollars (\$25,000,000.00); to be issued under such denominations, numbers and series, and maturing at such times as may be provided by law; all such bonds shall bear a rate of interest not greater than six per cent per annum, payable semi-annually, and shall be sold at a price not less than the par value thereof. Provided, that no bonds shall be issued or sold under this provision to such an amount that the interest thereon will exceed the net amount of the excise tax on the sale of gasoline collected during the current fiscal year, and which is set apart for payment of interest on said bonds. The State Highway Commission or Highway Department shall locate, construct and maintain highways and State trunk roads so as to connect each county seat with the county seat of the adjoining county by the most direct or feasible route or by a permanent road, having due regard to

the public welfare; and to connect the county seats of the several border counties at or near the State line with a public road in the border State. Provided, that in counties which are divided into two or more judicial divisions in each of which regular terms of the circuit court are held, the places where said terms of court are held, shall likewise be connected with each other. It shall be the duty of the Highway Commission or Highway Department to equitably apportion among the several counties of the State the expenditure of both money and labor and the time or times of making such investment. Not less than one-quarter of a million dollars of the proceeds of these bonds shall be set aside and expended by the State Highway Commission in each county in the State. To create a sinking fund for the prompt and faithful payment of the principal and the interest on these bonds and for the construction, maintenance and improvement of such public highways, roads and bridges, the Legislature shall levy an excise tax of not less than two cents per gallon upon gasoline or any substitute therefor, or an adequate license or excise tax on any other motive power used to propel auto vehicles. Such bonds when issued shall be a direct obligation of the State and for the prompt and faithful payment of the principal and the interest thereon the full faith and credit of the State is hereby irrevocably pledged and such bonds shall be exempt forever from taxes of every kind.

Section 2. Notice of the election hereby ordered together with the amendment hereby proposed, shall be given by a proclamation of the Governor which shall be published in one newspaper once a week in each county in the State, for at least eight successive weeks next preceding the day hereby appointed for such election.

By Mr. Lovelace:

H. J. R. 5. Whereas, in the death of Judge James J. Mayfield, which occurred on January 1, 1927, the State of Alabama has lost one of its most distinguished citizens, one who in public and private life exemplified many noble and enduring traits of character and whose official life as an Associate Justice of the Supreme Court, and as the Commission who prepared the Codes of Alabama of 1907 and 1923 revealed a great legal mind and a fearless and upright judge and lawyer, and who in other capacities and relationships impressed his fellow-citizens with his high intellectual attainments, his devotion to his state and its people, and his rugged but gentle and loving character:

Now Therefore, Be it resolved by the House, the Senate concurring, that the Legislature of Alabama has heard with profound regret of the passing of this great man; that its heartfelt sympathy is hereby extended to his grief-stricken family; and that a copy of this resolution be delivered by the Clerk of the House to his widow.

And on motion of Mr. Lovelace the rules were suspended and the H. J. R. 5 was adopted by the unanimous rising vote of the House.

On motion of Mr. Shepherd the Bill

S. 1. A Bill to be Entitled an Act to propose an amendment to the Constitution of Alabama authorizing the State to locate, construct, improve, repair and maintain public roads, highways and bridges in the State of Alabama; and to that end to authorize the State to issue and sell negotiable interest-bearing bonds in an amount not to exceed twenty-five million dollars (\$25,000,000.00) in addition to the bonds authorized under the Act approved October 29th, 1921 proposing an amendment to the Constitution of the State of Alabama known and designated as Article XX; and to provide revenue and funds for the prompt and faithful payment of the principal and interest on such bonds and for the retirement of such bonds; and to order an election by the qualified electors of the State of Alabama upon such proposed amendment to be held on Tuesday the 12th day of April, 1927, which day is after the expiration of three months from and after the final adjournment of this special session of the Legislature.

Be it Enacted by the Legislature of Alabama:

Section 1. The following amendment to the Constitution of the State of Alabama is hereby proposed and an election is hereby ordered by the qualified electors of the State of Alabama upon the proposed amendment and the day hereby appointed for such election is Tuesday, the 12th day of April, 1927, which day is more than three months after the final adjournment of this special session of the Legislature at which this amendment is proposed. The proposed amendment is as follows:

Article XX-A, Section 1. The State is authorized to engage in the construction, improvement, repair and maintenance of public roads, highways and bridges in the State of Alabama. To this end and for this purpose the State is authorized to appropriate funds, and also to issue and sell interest-bearing negotiable State bonds in addition to those already authorized and sold under Article XX, as an amendment to the Constitution of 1901,

in an amount not to exceed the sum of twenty-five million dollars (\$25,000,000.00); to be issued under such denominations, numbers and series, and maturing at such times as may be provided by law; all such bonds shall bear a rate of interest not greater than six per cent per annum, payable semi-annually, and shall be sold at a price not less than the par value thereof. Provided, that no bonds shall be issued or sold under this provision to such an amount that the interest thereon will exceed the net amount of the excise tax on the sale of gasoline collected during the current fiscal year, and which is set apart for payment of interest on said bonds. The State Highway Commission or Highway Department shall locate, construct and maintain highways and State trunk roads so as to connect each county seat with the county seat of the adjoining county by the most direct or feasible route or by a permanent road, having due regard to the public welfare; and to connect the county seats of the several border counties at or near the State line with a public road in the border State. Provided, that in counties which are divided into two or more judicial divisions in each of which regular terms of the circuit court are held, the places where said terms of court are held, shall likewise be connected with each other. It shall be the duty of the Highway Commission or Highway Department to equitably apportion among the several counties of the State the expenditure of both money and labor and the time or times of making such investment. Not less than one-quarter of a million dollars of the proceeds of these bonds shall be set aside and expended by the State Highway Commission in each county in the State. To create a sinking fund for the prompt and faithful payment of the principal and the interest on these bonds and for the construction, maintenance and improvement of such public highways, roads and bridges, the Legislature shall levy an excise tax of not less than two cents per gallon upon gasoline or any substitute therefor, or an adequate license or excise tax on any other motive power used to propel auto vehicles. Such bonds when issued shall be a direct obligation of the State and for the prompt and faithful payment of the principal and the interest thereon the full faith and credit of the State is hereby irrevocably pledged and such bonds shall be exempt forever from taxes of every kind.

Section 2. Notice of the election hereby ordered together with the amendment hereby proposed, shall be given by a proclamation of the Governor which shall be published in one newspaper once a week in each county in the State, for at least eight successive weeks next preceding the day hereby appointed for such election.

Section 3. At the election hereby ordered to be held as herein provided, the qualified electors shall vote on said proposed

amendment; and on the official ballot printed for such election there shall be printed the following, viz: "Shall the following be adopted as Article XX-A of the Constitution of Alabama?"

To this end and for this purpose the State is authorized to appropriate funds, and also to issue and sell interest-bearing negotiable State bonds in addition to those already authorized and sold under Article XX, as an amendment to the Constitution of 1901, in an amount not to exceed the sum of twenty-five million dollars (\$25,000,000.00); to be issued in such denominations, numbers and series, and maturing at such times as may be provided by law; all such bonds shall bear a rate of interest not greater than six per cent per annum, payable semi-annually, and shall be sold at a price not less than the par value thereof. Provided, that no bonds shall be issued or sold under this provision to such an amount that the interest thereon will exceed the net amount of the excise tax on the sale of gasoline collected during the current fiscal year, and which is set apart for payment of interest on said bonds. The State Highway Commission or Highway Department shall locate, construct and maintain highways and State trunk roads so as to connect each county seat with the county seat of the adjoining county by the most direct or feasible route or by a permanent road, having due regard to the public welfare; and to connect the county seats of the several border counties at or near the State line with a public road in the border State. Provided, that in counties which are divided into two or more judicial divisions in each of which regular terms of the circuit court are held, the places where said terms of court are held, shall likewise be connected with each other. Not less than one-quarter of a million dollars of the proceeds of these bonds shall be set aside and expended by the State Highway Commission in each county in the State. To create a sinking fund for the prompt and faithful payment of the principal and the interest on these bonds and for the construction, maintenance and improvement of such public highways, roads and bridges, the Legislature shall levy an excise tax of not less than two cents per gallon upon gasoline or any substitute therefor, or an adequate license or excise tax on any other motive power used to propel auto vehicles. the principal and the interest thereon the full faith and credit of the State is hereby irrevocably pledged and such bonds shall be exempt forever from taxes of every kind. "Yes———" "No———". The choice of the elector shall be indicated by a cross mark made by him or under his direction opposite the word expressing his desire.

Section 4. Officers to hold such election shall be the same, and shall be appointed in the same manner and by the same officials as now provided by the election laws of the State for the appointment of officers to hold elections in this State and the election shall be held in all things in accordance with this Act, the law governing general elections, and the constitutional provisions concerning amendments to the Constitution.

Section 5. The votes cast at such election shall be canvassed, tabulated, and returns thereof made to the Secretary of State, and counted in the same manner, as in elections for representatives to the Legislature; and if it shall thereupon appear that a majority of the qualified electors who voted at such election upon the proposed amendment voted in favor of the same, such amendment shall be valid to all intents and purpose as a part of the Constitution of the State of Alabama. The result of such election shall be made known by a proclamation of the Governor.
